

Les Anacroisés sont des mots croisés dont les définitions sont remplacées par les lettres de mots à trouver. Les chiffres qui suivent certains tirages correspondent au nombre d'anagrammes possibles, mais implaçables sur la grille. Comme au Scrabble on peut conjuguer. Tous les mots à trouver figurent dans l'Officiel du Scrabble (Larousse 2023), qui inclut les mots des dictionnaires courants. Il n'est donné que les tirages des mots de six lettres et plus.
